Our rental radios at the Berlinale 2024

📅 02/02/2024

Design, construction and support of high-quality radio cells based on Motorola radio technology hand in hand with effective IT solutions have been the focus of our business activities since the company was founded. We also maintain one of the largest rental fleets of radio equipment in Europe. Here, too, we specialize in the rental of high-quality Motorola radios. We are also very pleased to count many well-known festivals and industrial customers among our long-standing business partners. These include the well-known international film festival "Die Berlinale". In 2024, the radios for the Berlinale will again come from our sub-brand "Funkgeräte-Vermietung.de", which we are very pleased about, especially since cinemas are often a special challenge in terms of radio technology. Our team around Gregor, who is once again the main contact person for radios & radio cells at festivals this year, therefore already designed effective coverage plans during the planning phase so that we can now guarantee the best possible communication at all locations.

Motorola Radios in Spain? Lisa!

📅 15/02/2024

Spreenauten are pleased to announce that Lisa, an experienced customer advisor, will be joining us in Spain. Lisa not only brings extensive customer service experience, but also impressive language (German, Polish, English, Spanish, Galician) and IT skills, which she has demonstrated in various professional roles. Her role with us will cover general project assistance as well as active support in the area of motorola radio equipment sales and rental. She will be focussing in particular on sales and rental. Lisa's diverse background, ranging from customer service to international conferences, combined with her academic background in urban tourism and tourism business management, makes her the ideal fit for this role. We are convinced that her dynamic, empathetic and responsible nature will contribute significantly to our success. Ahoy, Lisa! We are looking forward to the joint projects and to having you on board
